THE PEOPLE'S CHOICE

Republicans Swept Township and City.

ONE PROHIBITIONIST ELECTED

Democrats Did Not Show to Good Advantage When the Vote Was Counted—The Jail Proposition Went Down—It Was Defeated in the County.

The vote was light, surprises were few, and East Liverpool did not manifest a great deal of interest in the election. This sums up the record of yesterday so far as the municipal contest is involved. The proposition that bonds be issued for the purpose of building a jail went down before the weight of public opinion arrayed against it.

Throughout the day voters were listless. Any number of men who usually find their way to the polls did not believe their influence was needed to elect their favorites, and they remained at home. In those wards where there appeared to be a suspicion of contest some of the old time vigor broke out, but it was not long continued. Do what the candidates might to enlighten interest they found it a most difficult task. The people absolutely refused to show that they cared a great deal. There was a noticeable absence of ladies, and only a few votes were polled. There were more, however, than the prospect of the morning promised, the vote coming out late in the afternoon.

The First ward had a little excitement, but not much. Harvey McHenry had been endorsed for council by the organized labor forces, and made a good fight against James Challis, the present incumbent. He polled more votes than his political enemies expected, but went down with the remainder of the ticket. Thomas H. Fisher, for the board of education, had it all his own way, and went so far ahead of his ticket that his success was assured long before the count was completed. The Second was a quiet place. Ed Cook had been named for the board of education by the Democrats, Frank Pittinger by the Republicans and Mrs. Watson by the Prohibitionists. Cook went after the office with hearty good will, and so did Pittinger, with the usual result. Mrs. Watson received the votes of the majority of women who went to the polls. Over in the Third, George Peach and his friends were prepared for a day of hard work, but the opposition failed to materialize. The Mercer forces did not appear. There was no contest for the board of education, and George C. Murphy and Sylvester Cripps dropped into office with splendid votes. The Fourth never did know what it was to have an election without more or less stir, and yesterday, although it appeared in a small way, was no exception. Olnhausen for council slipped in without difficulty, and the promised opposition from Welch was lacking. The greatest interest centered upon the battle of J. C. McClain and Mitchell McClure for the school board. All day long the battle raged, and what for that day seemed to be a big vote was polled. A number of ladies cast their ballots, and to them the McClure voters lay their defeat. Until a late hour no man could tell how went the day, and a great deal of surprise was heard when the result was announced.

The jail vote was an astonisher. At Lisbon the officials most interested confidently expected to sweep this city with a good many hundreds to their credit, and parties in close touch with local politics were of the same opinion. But there were surprises all over the county in that direction, and for once East Liverpool was no exception. The township ticket showed a great deal of Republican strength the opposition being far, far away.

AGAINST THE JAIL.

The County Apparently Wants No Change.

The county voted against the proposition to build a new jail, and while the vote is not yet complete the towns where it was expected to develop strength have proven enough of a disappointment to show that it is lost.

In Salineville it was voted down by 113 to 344; Salem, 519-558; Wellsville, 197-866; Leetonia, 206-322; East Liverpool, 752-886; Middleton, 58-303; Elkrin, 78-178; Butler, 40-163; Fairfield, 154-336. Lisbon voted for it by 556-214; East Palestine, 196-186.

WELLSVILLE'S VOTE.

The Republicans Won, With Some Votes to Spare.

Wellsville had some excitement, but, like its neighbor, this was by no means general. The presence of a Liberty ticket created some division and con-

fusion. Devore won in the race for water works trustee in spite of the Democratic opposition in the form of another railroad man. There was a battle for council in the Fourth ward. Rand coming under the wire with 34 points to spare. It is generally conceded that the election of councilmanic candidates means that the movement to oust the saloons will now settle down into an untimely grave. The new legislators will do nothing with it. The vote for water works trustee is Devore 413, Weaver 402, Menough 38.

Wellsville does not want a new jail. The result shows that 197 persons favored it, while 866 were against it.

In St. Clair.

The election in St. Clair township yesterday proved to be a Waterloo for the Republicans, and the only man they elected was A. C. McKenzie, trustee. John Crawford was elected assessor and John Plankinton treasurer. The proposed new jail was snuffed under by a vote of 188 to 28.

SANITARY POTTERS

Are Meeting and Talking Trade Matters In Trenton.

A press dispatch from Trenton says: The national convention of the Sanitary Pressers' National union began in this city this morning. Delegates were present representing sanitary potters of Trenton, Philadelphia, Baltimore, Wheeling, Tiffin, Wellsville and Tiltonville, Ohio, and Kokomo, Ind. The convention was called to order by President Martin P. Devlin, of Trenton. One of the most important matters to be discussed is the claim that men in different potteries are working under the wage list by making individual contracts with the proprietors. If the convention becomes satisfied that this practice exists to any extent, the wage list will probably be materially reduced, so as to give the union men a chance to get their share of the work.

DICK GARDNER DEAD.

The Sad Happening Occurred at Evansville, Ind.

Richard Gardner died very suddenly this morning at Evansville, Ind., aged 33 years. No particulars of the sad event have been received by friends here.

Deceased was born in Hancock county, and until six years ago was a resident of this city. He was of a genial, cheerful disposition, and had many friends who will hear with regret of his untimely demise. He was a member of Riddle lodge, Masons, and was one of the oldest members of the Phoenix club. Four sisters and three brothers are left to mourn his loss. The remains will be brought to this city for burial.

A BATTLE.

The Liverpool Boy Was Whipped by a Farmer.

There was a fight out Calcutta road Saturday evening which stands a good show of being carried to court. A young man of the city went to work for a farmer, and told another hand he came to work there for 50c a day. This angered the hearer, and Saturday evening when they met a fight ensued, in which the town lad got the worst of it. The country boy had a spike wrapped in his handkerchief, and used it on the young man's head.

COMMISSIONERS MUST PAY

For the Election For Bonds Conducted Yesterday.

There was a debate at city hall last night among the election officers as to who would pay them for taking care of the jail vote. Some suggested they keep the jail returns until they received their compensation. The matter was finally left to Clerk Hanley, who said that as the county commissioners had ordered the vote, it was, he thought, their place to pay the bill. Then all went home satisfied.

TO REPAIR THE JAIL.

Improvements Will Likely Be Made at Once.

The story was afloat in this city and Lisbon today that the commissioners would not allow the old jail to remain in its present unhealthy condition now that there was to be no new structure. A Wheeling architect is even now at the county seat looking over the jail, with a view to advising certain alterations and repairs. Just what will be done could not today be learned.

A BAR OF STEEL

Broke the Nose of C. W. Powell In a Machine Shop.

C. W. Powell, an employe of Patterson's machine works, had his nose broken yesterday by a bar of steel falling on it. Medical attention was summoned, and he will be able to be about within a few days.

THREE DAYS OF TALK

But the Sewer Pipe Men Reached No Conclusion.

RATE CUTTING WILL CONTINUE

A Strong Effort to Form a Combination Amounted to Nothing, Although the Representatives of the Leading Concerns Were Present.

Disappointed but by no means discouraged those sewer pipe manufacturers who are anxious for a combination are still attempting to effect an agreement, in spite of the failure at Pittsburg a week or more ago and an equally unsuccessful attempt in Cleveland.

The last meeting was called on Wednesday, and until late Saturday night representatives from 44 of the leading sewer pipe concerns in this country talked business. Several sessions were held every day at the Hollenden Hotel, and although the meetings were conducted with the greatest secrecy it has leaked out that they failed in their attempt to come to an agreement. The rock upon which they split was the question of how the output of their establishments, that is the entire demand for sewer pipe in this country, should be divided. It proved a most troublesome question, and resulted in what some manufacturers seem to think is a hopeless disagreement. It was not unaccompanied by acrimony. A number of leaders in the movement departed for their homes, while others remained in Cleveland until yesterday endeavoring to bring about another conference, but no agreement was reached as to time or place, and the outlook is considered none of the best. It is conceded that if anything toward a combination is done it must be done speedily. If another conference is held the manufacturers will likely gather in Pittsburg.

CAN'T AFFORD IT.

Miners and Operators Too Poor to Quarrel.

Mine Inspector T. H. Love was in the city over night, leaving for Salineville today. In speaking about the mines of this section, he said: "All are in good condition, considering the length of time they have been shut down. From what I can hear, most all of them are now running on full time, where, in the past, they have been working about one-third full time. There will be no strike among the coal people this year, as the operators and miners are not in position to withstand one."

DYING OUT.

Measles Is Slowly But Very Surely Leaving the City.

The measles is rapidly dying out, and in the past two days there has not

been a new case reported. Sanitary Policeman Burgess is beginning to rest easy as he can now see the end of his work, and it is probable the cards will be laid away to use at some future date. During the stay of the disease in the city an estimate places the total number of cases at 600.

A WILD RUNAWAY.

Doctor Norris' Horse Frightened Another Animal.

Doctor Norris left his horse and cart standing in Drury Lane this morning while he went to the stable for a blanket. The animal became frightened, and started down the alley at breakneck speed. Between Monroe and Jackson streets David Boyd was unhitching his horse, and it also became frightened, and there were two runaways instead of one. When they reached the cemetery Boyd's horse jumped the fence and fell on its back, and the other animal stopped. No damage was done to the cart, but it is a wonder the numerous wagons in the alley were missed.

A FEW DRUNKS

Wandered Through the Streets Yesterday Evening.

Last evening when the Fourth ward polls closed a drunken individual made himself very obnoxious. Later in the evening at the same place another man staggered down the street, and ran into several people. Several more drunks were seen in the streets, but there was not an arrest made yesterday. On election day the saloons are supposed to be closed, and the wonder is whether the men got a sufficient supply of liquor on Saturday to last them over two days, or were some of the saloons doing a back-door business.

MORMON CONVERTS

Were Baptized in the Ohio River at Night.

The Mormons held another meeting at the home of Thomas Davidson on Minerva street. The elders talked upon a subject that should go in history as regards length. It was, "Was Joseph Smith a prophet, and could you read and believe the Bible, and then reject the book of Mormon?" It was a two-hours' session, which resulted in the receiving of two converts, who were baptized by immersion in the beautiful Ohio about 11 o'clock at night.

WILL FILE AN ANSWER.

The City Will Fight the Rinehart and West Suits.

Solicitor Grosshans will in a few days file an answer, with an agreed statement of facts, to the recent suits instituted by John Rinehart and J. D. West against the city. There will be no witnesses in the case whatever, and it will be decided upon the facts as submitted.

In Private.

The Mormons will hold what they consider a private meeting at the house of Thomas Davidson tonight.

CURFEW RINGSTONIGHT

Small Boys and Girls Must Stay at Home.

ORDINANCE WILL BE OBSERVED

The Police Will See That Children Are Off the Streets—Parents Should Do Likewise or They Will Be Asked to Visit the Mayor.

If you are a small boy or girl, or if you are of more mature years and have in charge children under 16 years of age, it will interest you to know that at 5:30 o'clock this afternoon the curfew ordinance becomes operative, and Chief Johnson and his officers will enforce it to the letter.

According to the law, all children under 16 years of age found on the streets after 10 o'clock are amenable, and subject to a fine. A great deal of interest is manifested upon the probable effect of the ordinance in breaking up the crowds of small boys who infest the streets until a late hour every night. There are other features that will be closely watched by some of the more earnest advocates of the ordinance. The police expect to miss no opportunity in enforcing the law, and anticipate having their hands full until the general public realizes that it is not to be a dead letter.

EARLY IN THE FIGHT.

Candidates For Municipal Offices Are Already Out.

The primary election next spring promises to be a hard fought battle, as the candidates for public favor are already beginning to announce themselves. Elmer Stevenson, of East End, will be in the fight for mayor, and numerous other candidates have been suggested for the same office. John Reark is a candidate for city clerk, and it is said he will be opposed by a number of candidates.

A DOG FIGHT.

The Battle Will Come Off on the Virginia Side.

Arrangements are being made for a dog fight to take place near Rock Spring sometime in the near future. The dogs are owned by local people and have engaged in fights several times, and it has been determined to settle once for all which is the best animal. A great deal of money has been placed on the result, and the battle will be witnessed by a large crowd.

Densmore Wants a Pardon.

Reuben Densmore returned this morning from Columbus, where he visited his brother, Patrick, who is serving a term in the penitentiary. Patrick has been confined to the hospital for five weeks, but is now able to be up. He is very anxious to be pardoned, and it is probable an effort will be made in the fall to have him released.

Tiltonville Is All Right.

Thomas Cannon returned last evening from Tiltonville, where he has been visiting his brother James, who is seriously ill with rheumatism. The pottery at that place is running full time, and a kiln that had not been used for a year was fired Saturday. The outlook is very bright for continued prosperity at the plant.

Garvey Still Suffers.

Michael Garvey, who was injured several weeks ago while unloading bricks from a freight car at the Thompson pottery, is still suffering with severe pains in his hands, and it is now thought his thumb will have to be reset before he will thoroughly recover.

A Wheelman Hurt.

W. W. Bonnell, the Hubbard bicyclist who defeated Tom York, in Lisbon, in a nine mile road race, a few years ago, while riding at Youngstown, last evening, in the six day race, fell and broke his collar bone. He was also injured internally.

Postponed the Game.

There will be no more Thursday evening baseball games at the Young Men's Christian association, as it interferes with class work in the gymnasium. It is probable a game will be played Friday evening.

On the River.

The river is rising slowly, and is now showing the 7.6 foot mark. Passed up—Belle McGowan, Sam Brown. Passed down—Keystone State. The Hudson will pass down at 9 o'clock tonight.

They Liked It.

Frank Kirk is in receipt of a letter from one of the Washington and Jefferson boys, which says they were greatly pleased with their habitation in this city.

TO REPAIR THE JAIL.

Improvements Will Likely Be Made at Once.

The story was afloat in this city and Lisbon today that the commissioners would not allow the old jail to remain in its present unhealthy condition now that there was to be no new structure. A Wheeling architect is even now at the county seat looking over the jail, with a view to advising certain alterations and repairs. Just what will be done could not today be learned.

A BAR OF STEEL

Broke the Nose of C. W. Powell in a Machine Shop.

C. W. Powell, an employee of Patterson's machine works, had his nose broken yesterday by a bar of steel falling on it. Medical attention was summoned, and he will be able to be about within a few days.

THREE DAYS OF TALK

But the Sewer Pipe Men Reached No Conclusion.

RATE CUTTING WILL CONTINUE

A Strong Effort to Form a Combination Amounted to Nothing, Although the Representatives of the Leading Concerns Were Present.

Disappointed but by no means discouraged those sewer pipe manufacturers who are anxious for a combination are still attempting to effect an agreement, in spite of the failure at Pittsburgh a week or more ago and an equally unsuccessful attempt in Cleveland.

The last meeting was called on Wednesday, and until late Saturday night representatives from 44 of the leading sewer pipe concerns in this country talked business. Several sessions were held every day at the Hollenden Hotel, and although the meetings were conducted with the greatest secrecy it has leaked out that they failed in their attempt to come to an agreement. The rock upon which they split was the question of how the output of their establishments, that is the entire demand for sewer pipe in this country, should be divided. It proved a most troublesome question, and resulted in what some manufacturers seem to think is a hopeless disagreement. It was not unaccompanied by acrimony. A number of leaders in the movement departed for their homes, while others remained in Cleveland until yesterday endeavoring to bring about another conference, but no agreement was reached as to time or place, and the outlook is considered none of the best. It is conceded that if anything toward a combination is done it must be done speedily. If another conference is held the manufacturers will likely gather in Pittsburgh.

CAN'T AFFORD IT.

Miners and Operators Too Poor to Quarrel.

Mine Inspector T. H. Love was in the city over night, leaving for Salineville today. In speaking about the mines of this section, he said: "All are in good condition, considering the length of time they have been shut down. From what I can hear, most all of them are now running on full time, where, in the past, they have been working about one-third full time. There will be no strike among the coal people this year, as the operators and miners are not in position to withstand one."

DYING OUT.

Measles Is Slowly But Very Surely Leaving the City.

The measles is rapidly dying out, and in the past two days there has not

been a new case reported. Sanitary Policeman Burgess is beginning to rest easy as he can now see the end of his work, and it is probable the cards will be laid away to use at some future date. During the stay of the disease in the city an estimate places the total number of cases at 600.

A WILD RUNAWAY.

Doctor Norris' Horse Frightened Another Animal.

Doctor Norris left his horse and cart standing in Drury Lane this morning while he went to the stable for a blanket. The animal became frightened, and started down the alley at breakneck speed. Between Monroe and Jackson streets David Boyd was unbiting his horse, and it also became frightened, and there were two runaways instead of one. When they reached the cemetery Boyd's horse jumped the fence and fell on its back, and the other animal stopped. No damage was done to the cart, but it is a wonder the numerous wagons in the alley were missed.

A FEW DRUNKS

Wandered Through the Streets Yesterday Evening.

Last evening when the Fourth ward polls closed a drunken individual made himself very obnoxious. Later in the evening at the same place another man staggered down the street, and ran into several people. Several more drunks were seen in the streets, but there was not an arrest made yesterday. On election day the saloons are supposed to be closed, and the wonder is whether the men got a sufficient supply of liquor on Saturday to last them over two days, or were some of the saloons doing a back-door business.

MORMON CONVERTS

Were Baptized in the Ohio River at Night.

The Mormons held another meeting at the home of Thomas Davidson on Minerva street. The elders talked upon a subject that should go in history as regards to length. It was, "Was Joseph Smith a prophet, and could you read and believe the Bible, and then reject the book of Mormon?" It was a two-hours' session, which resulted in the receiving of two converts, who were baptized by immersion in the beautiful Ohio about 11 o'clock at night.

WILL FILE AN ANSWER.

The City Will Fight the Rinehart and West Suits.

Solicitor Grosshans will in a few days file an answer, with an agreed statement of facts, to the recent suits instituted by John Rinehart and J. D. West against the city. There will be no witnesses in the case whatever, and it will be decided upon the facts as submitted.

In Private.

The Mormons will hold what they consider a private meeting at the house of Thomas Davidson tonight.

CURFEW RINGS TONIGHT

Small Boys and Girls Must Stay at Home.

ORDINANCE WILL BE OBSERVED

The Police Will See That Children Are Off the Streets—Parents Should Do Likewise or They Will Be Asked to Visit the Mayor.

If you are a small boy or girl, or if you are of more mature years and have in charge children under 16 years of age, it will interest you to know that at 5:30 o'clock this afternoon the curfew ordinance becomes operative, and Chief Johnson and his officers will enforce it to the letter.

According to the law, all children under 16 years of age found on the streets after 10 o'clock are amenable, and subject to a fine. A great deal of interest is manifested upon the probable effect of the ordinance in breaking up the crowds of small boys who infest the streets until a late hour every night. There are other features that will be closely watched by some of the more earnest advocates of the ordinance. The police expect to miss no opportunity in enforcing the law, and anticipate having their hands full until the general public realizes that it is not to be a dead letter.

EARLY IN THE FIGHT.

Candidates For Municipal Offices Are Already Out.

The primary election next spring promises to be a hard fought battle, as the candidates for public favor are already beginning to announce themselves. Elmer Stevenson, of East End, will be in the fight for mayor, and numerous other candidates have been suggested for the same office. John Reark is a candidate for city clerk, and it is said he will be opposed by a number of candidates.

A DOG FIGHT.

The Battle Will Come Off on the Virginia Side.

Arrangements are being made for a dog fight to take place near Rock Spring sometime in the near future. The dogs are owned by local people and have engaged in fights several times, and it has been determined to settle once for all which is the best animal. A great deal of money has been placed on the result, and the battle will be witnessed by a large crowd.

Densmore Wants a Pardon.

Reuben Densmore returned this morning from Columbus, where he visited his brother, Patrick, who is serving a term in the penitentiary. Patrick has been confined to the hospital for five weeks, but is now able to be up. He is very anxious to be pardoned, and it is probable an effort will be made in the fall to have him released.

Tiltonville Is All Right.

Thomas Cannon returned last evening from Tiltonville, where he has been visiting his brother James, who is seriously ill with rheumatism. The potter at that place is running full time, and a kiln that had not been used for a year was fired Saturday. The outlook is very bright for continued prosperity at the plant.

Garvey Still Suffers.

Michael Garvey, who was injured several weeks ago while unloading bricks from a freight car at the Thompson pottery, is still suffering with severe pains in his hands, and it is now thought his thumb will have to be reset before he will thoroughly recover.

A Wheelman Hurt.

W. W. Bonnell, the Hubbard bicyclist who defeated Tom York, in Lisbon, in a nine mile road race, a few years ago, while riding at Youngstown, last evening, in the six day race, fell and broke his collar bone. He was also injured internally.

Postponed the Game.

There will be no more Thursday evening baseball games at the Young Men's Christian association, as it interferes with class work in the gymnasium. It is probable a game will be played Friday evening.

On the River.

The river is rising slowly, and is now showing the 7.6 foot mark. Passed up—Belle McGowan, Sam Brown. Passed down—Keystone State. The Hudson will pass down at 9 o'clock tonight.

They Liked It.

Frank Ikert is in receipt of a letter from one of the Washington and Jefferson boys, which says they were greatly pleased with their treatment in this city.

EAST LIVERPOOL, O., TUESDAY, APRIL 6

This is truly a great country. While the Mississippi valley is drenched with floods, the mountain sides of Pennsylvania are on fire because of the drought.

The ballot they used in Chicago contained something over 700 names, and the boys did very little repeating. They didn't have the time.

The Dingley bill is a measure so filled with protective features as to make it eminently fitted to aid in the speedy return of prosperity. That is why Republicans desire that it be enacted into law at once.

THE Washington correspondents claim that 35 senators are pledged to vote against the arbitration treaty, and thus does some of the very little good done by the late president and his administration go by the board.

ANOTHER campaign is almost at an end in Cuba, and nothing more commendable than failure can be added to the record of General Weyler. His only success, the death of Maceo and the capture of Rivera, was gained through murder and treachery.

THAT story of civilized men standing idly by while Turks slaughtered scores of Christians, will make interesting reading for future generations, and serve as anything but proof that civilization and humanity meant the same thing during the decline of the nineteenth century.

UNLESS he has so completely dropped out of the world as to make himself forget that he was ever interested in affairs of state, we may soon expect to see Professor Wilson pointing with pride to the record of the custom houses in March. He has seldom missed an opportunity to make a mistake.

WITH the municipal elections out of the way, the Democrats can set about their plans for capturing the legislature. Barrels may, and doubtless will, be wide open for months to come, and the best attainable materials may talk from the stump until they are black in the face, but the people will aid all do the deciding. The best laid plans have often ere this failed of materialization.

NO JAIL.

It is a matter for deepest regret that the people of Columbiana county did not see their way clear to support the proposition looking to the erection of a jail. That institution is needed, and, in spite of the declaration of yesterday, it was never more needed than it is at present. The miserable old structure on the hill above the court house will continue to grow more miserable, and the county will heap additional indignity upon the unfortunates who chance to find a place behind the bars. It is useless to investigate the causes which brought about the result, but it is evident had the people realized that the jail would have bestowed benefit upon humanity in general, and upon Lisbon only incidentally.

Joint Traffic Association Hearing.

WASHINGTON, April 6.—The supreme court of the United States has granted the motion to advance the case of the Joint Traffic Association, but set it for the second Monday of the October term, thus refusing a hearing for the present term.

Precautions Against the Plague.

PARIS, April 6.—The chamber of deputies voted a credit of 275,000 francs for the purpose of defraying the expenses of the precautions taken against the introduction of the plague from India.

A River Steamer Burned.

NASHVILLE, April 6.—The steamer John W. Hart burned at Greenville on the Upper Cumberland river. The cargo was destroyed but no loss of life is reported.

The Anti-Scalping Bill.

WASHINGTON, April 6.—Senator Callom has introduced the anti-scalping bill, substantially as it was reported by the interstate commerce committee in the last congress.

FELL THROUGH A TRELLIS.

An Engine and 13 Cars Wrecked—Two Trainmen Injured.

PITTSBURGH, April 6.—Charles Haggerty was killed and William E. Graham fatally injured in an exceptionally disastrous wreck which occurred on the Allegheny end of the Ohio connecting railway, which crosses the river from the Pittsburgh, Ft. Wayne and Chicago railway to the Panhandle and Monongahela divisions of the Pennsylvania railroad lines. A Fort Wayne engine and 13 cars were precipitated 50 feet into McClure avenue by the giving way of the approach to the bridge proper. The engine and cars are almost a total wreck, making the work of destruction complete.

Graham was the engineer. He was thrown clear of the wreck and, beside his other injuries, was frightfully scalded from head to foot. He died a short time later. Graham was a single man, 40 years old, and lives at Beaver Falls.

Haggerty, the dead fireman, was 30 years old and lived at Enon. A wife and family survive him.

The train was composed of 28 cars, loaded with coal and iron. It left the Panhandle tracks for the Ohio connecting bridge, and, as it was ascending the grade to the side of the hill, just west of McClure avenue, Allegheny, the wooden structure which spans McClure avenue gave way and about 150 feet of it was precipitated to the street below. There was a frightful crash as the monster engine, which weighs 40 tons, struck the earth. Of the 13 cars which fell in a heap at the corner of McClure avenue and Hanover street not one is left fit for service. The rest of the cars remained on the trestle. Two of them stood straight up in the air. When the wreck train endeavored to get them on to the track they fell with a thunderous crash, but no one was injured.

PENNSYLVANIA LEGISLATURE.

The Senate Does Some Fast Work and Passes Many Bills.

HARRISBURG, April 6.—The senate was in session about 45 minutes and it went through business at a lightning gait. In exactly 20 minutes the statements of the upper branch passed 16 bills on second reading and 25 more on first reading.

The resolution authorizing the attorney general to investigate the claim of the Complanter Indians to a portion of Oil City came up. The house passed it last week. The senate sent it to the judiciary general committee.

Three important revenue bills have been introduced in the house by Chairman Bolles of the ways and means committee. They were framed by Deputy Attorney General Elkin and are intended to be party measures. One taxing direct inheritances is expected to raise an annual revenue of \$500,000. The bill exempts real estate and fixes the rate of taxation on mixed and personal property at \$2 on every \$100 clear value and at and after the same rate for any less amount. All estates of \$5,000 or less are exempted by the act.

Another bill was introduced by Mr. Bolles taxing corporations claiming to be insolvent, whose capital stock has no value. The bill provides that for purposes of taxation the value of the stock shall not be less than that of the property. This bill will yield \$500,000 a year to the state. The third bill taxes certain corporations.

Mr. Courant (Philadelphia), prohibiting persons from standing in aisles, corridors or passageways of theaters, and providing a penalty of \$200 or 60 days for the management violating the proposed law.

Ready to Renew Diplomatic Relations.

LONDON, April 6.—Answering a question in the house of commons Mr. Curzon, parliamentary secretary for the foreign office, said that diplomatic relations between Great Britain and Venezuela had not yet been renewed, but, he added, her majesty's government was ready to take into friendly consideration any proposal from Venezuela for a renewal of diplomatic relations.

Arrested For Embezzlement.

KANSAS CITY, April 6.—J. H. Aldrich, for several years cashier and paymaster in this city of the Kansas City, Fort Scott and Memphis railroad, was arrested here charged with embezzling \$27,000 of the company's money. He quietly submitted to arrest and says he will plead guilty and throw himself on the mercy of the court.

Mrs. Fitzhugh Lee Arrives Home.

NEW YORK, April 6.—Mrs. Fitzhugh Lee, wife of the consul general at Havana, has arrived on the Ward line steamer city of Washington. She was accompanied by her daughter, Miss N. Lee.

PITH OF THE NEWS.

The Bethlehem Iron company of Bethlehem, Pa., has made a shipment for the United States government to Sandy Hook, N. J., of 24 cannons loaded on 24 flat cars. The shipment was made up principally of 8 and 10 inch guns.

The promoters of a proposed trolley road in Japan are meeting with considerable opposition from the population, and particularly the coolies, Jirishika men and kago bearers, who object to the abandonment of their primitive methods of transportation.

Expelled From Cuba.

HAVANA, April 6.—Frank Lamont, the wounded Englishman who was imprisoned in the jail at Guantanamo, was recently liberated, has been expelled from Cuba. He was on the island that the Spanish authorities liberated him. He was placed in the custody of the British consul at Santiago de Cuba and has sailed from that port for Philadelphia by the steamer Earnwood.

Senator Quay In Harrisburg.

HARRISBURG, April 6.—Senator Quay has arrived here from Philadelphia. Politicians from all over the state are gathering into the city to see Quay. There will be a general conference about state politics. There is a probability that something definite will be known about the state treasury and the successor of Auditor General Mylin.

Large Reception at the White House.

WASHINGTON, April 6.—The public reception at the White House was unusually large. Mr. McKinley stood in line for 40 minutes and shook hands with over 2,000 people. The strain of seeing so many visitors, privately and publicly, is telling on the president.

New Pennsylvania Bank.

WASHINGTON, April 6.—The comptroller of the currency has given authority for the organization of the First National bank of Greensboro, Pa., capital, \$50,000.

TONSILINE CURES SORE THROAT.

Read what a well-known Minister writes about Tonsiline:

East Palestine, O., April 8, 1895.

The Tonsiline Co.:

I take pleasure in saying that we have used Tonsiline in the family for ulcerated sore throat, and it not only seemed to prevent the attack from being so severe as formerly, but cured the throat completely in a very few days. When any one of us has sore throat of any kind, the rush is for the Tonsiline bottle, and that is the last of it. It is certainly a most excellent remedy.

NEARING THE CRISIS.

The Admirals Demand an Explanation.

VASSOS WILL RESIST AN ATTACK.

King Humbert Says the Powers Want Peace—Turkish Government Getting Money For Military Expenses—Will Make an Official Inquiry

CANEA, April 6.—The admirals have addressed a vigorous letter to the governor of the island calling for a categorical explanation of the arming of the Bashi Bazuks and demanding the surrender of 12 of the leaders of the Akrotiri affair.

Colonel Vassos has been notified by the admirals that insurgents firing upon the international troops will be shot.

The admirals have decided to make an official inquiry as to whether the evacuation, were refugees from Candamo who had been disarmed. There are now 5,000 rifles at the Turkish government depot. The admirals will also inquire as to what measures ought to be taken to convey Mussulman refugees from the island.

CONSTANTINOPLE, April 6.—According to an official statement issued today the sum of £300,000 has been subscribed for military expenses. Thirty-five thousand pounds of this amount has been expended in the purchase of Mauser rifles, cartridges and cavalry mounts. Future subscriptions will be devoted to the equipment of the army and navy.

ATHENS, April 6.—The Greek press declares with one voice that in the event of the powers attempting to drive him out of Crete, Colonel Vassos will retire to the mountains near Spakia, where, with the aid of the insurgents, he will resist to the last the attacks of the foreign troops.

ROME, April 6.—King Humbert in a speech from the throne at the opening of parliament said the accord of the powers on the eastern question tended to preserve peace and prevent massacres.

CANEA, April 6.—In reply to the demands of the Russian consul here for an explanation of the Mussulman attack upon the insurgents and their families as the latter were leaving Akrotiri on Saturday last going inland with the consent of Admiral Canevara, the officer in command of the international fleet, Ismail Pasha, the Turkish governor, has replied by pointing to the fact that by the terms of the circular issued by the foreign admirals on March 25 the whole of the police of Crete and its neighborhood were placed in the hands of the European commanders.

INSTRUCTS CUSTOMS OFFICERS.

Secretary Gage Issues a Circular Relative to Enforcing the Tariff.

WASHINGTON, April 6.—Secretary of the Treasury Gage has issued a circular of instructions to customs officers throughout the country, carrying into effect section 27 of the pending tariff bill. This section requires the secretary of the treasury to make provisions for the collection of the increased rates of duties contemplated by the bill, and with that view he is required to retain samples of goods purchased and imported after April 1, 1897, and prior to the date on which the bill becomes a law. The circular is as follows:

Under the authority conferred upon the secretary of the treasury by section 249, revised statutes, chief officers of customs are hereby instructed to delay, until further orders, final liquidation of entries, made at the respective ports, of any merchandise arriving thereat after the first day of April, 1897. But liquidations may be tentatively made, and such liquidations shall not be closed and stamped, but shall be held open during the pendency of this order so as to be amended or corrected, if necessary.

These directions shall not be applied, however, to any entries made after April 1, 1897, of merchandise which was purchased and directed by the owner to be shipped for import into the United States by any person prior to April 1, 1897.

Hereafter all entries for consumption, except those specified in the preceding paragraph, shall be stamped in red ink by the clerks respectively passing the same under the direction of the collector, with the following words: Subject to change of rates if required by law.

Appointing officers will, whenever practicable, retain such samples of imported merchandise as may be necessary to determine any question hereafter arising relative to the proper identification and classification for duty of such merchandise.

HAVANA, April 6.—Frank Lamont, the wounded Englishman who was imprisoned in the jail at Guantanamo, was recently liberated, has been expelled from Cuba. He was on the island that the Spanish authorities liberated him. He was placed in the custody of the British consul at Santiago de Cuba and has sailed from that port for Philadelphia by the steamer Earnwood.

Senator Quay In Harrisburg.

HARRISBURG, April 6.—Senator Quay has arrived here from Philadelphia. Politicians from all over the state are gathering into the city to see Quay. There will be a general conference about state politics. There is a probability that something definite will be known about the state treasury and the successor of Auditor General Mylin.

Large Reception at the White House.

WASHINGTON, April 6.—The public reception at the White House was unusually large. Mr. McKinley stood in line for 40 minutes and shook hands with over 2,000 people. The strain of seeing so many visitors, privately and publicly, is telling on the president.

NEARING THE CRISIS.

The Admirals Demand an Explanation.

VASSOS WILL RESIST AN ATTACK.

King Humbert Says the Powers Want Peace—Turkish Government Getting Money For Military Expenses—Will Make an Official Inquiry

CANEA, April 6.—The admirals have addressed a vigorous letter to the governor of the island calling for a categorical explanation of the arming of the Bashi Bazuks and demanding the surrender of 12 of the leaders of the Akrotiri affair.

Colonel Vassos has been notified by the admirals that insurgents firing upon the international troops will be shot.

The admirals have decided to make an official inquiry as to whether the evacuation, were refugees from Candamo who had been disarmed. There are now 5,000 rifles at the Turkish government depot. The admirals will also inquire as to what measures ought to be taken to convey Mussulman refugees from the island.

CONSTANTINOPLE, April 6.—According to an official statement issued today the sum of £300,000 has been subscribed for military expenses. Thirty-five thousand pounds of this amount has been expended in the purchase of Mauser rifles, cartridges and cavalry mounts. Future subscriptions will be devoted to the equipment of the army and navy.

ATHENS, April 6.—The Greek press declares with one voice that in the event of the powers attempting to drive him out of Crete, Colonel Vassos will retire to the mountains near Spakia, where, with the aid of the insurgents, he will resist to the last the attacks of the foreign troops.

ROME, April 6.—King Humbert in a speech from the throne at the opening of parliament said the accord of the powers on the eastern question tended to preserve peace and prevent massacres.

CANEA, April 6.—In reply to the demands of the Russian consul here for an explanation of the Mussulman attack upon the insurgents and their families as the latter were leaving Akrotiri on Saturday last going inland with the consent of Admiral Canevara, the officer in command of the international fleet, Ismail Pasha, the Turkish governor, has replied by pointing to the fact that by the terms of the circular issued by the foreign admirals on March 25 the whole of the police of Crete and its neighborhood were placed in the hands of the European commanders.

INSTRUCTS CUSTOMS OFFICERS.

Secretary Gage Issues a Circular Relative to Enforcing the Tariff.

WASHINGTON, April 6.—Secretary of the Treasury Gage has issued a circular of instructions to customs officers throughout the country, carrying into effect section 27 of the pending tariff bill. This section requires the secretary of the treasury to make provisions for the collection of the increased rates of duties contemplated by the bill, and with that view he is required to retain samples of goods purchased and imported after April 1, 1897, and prior to the date on which the bill becomes a law. The circular is as follows:

Under the authority conferred upon the secretary of the treasury by section 249, revised statutes, chief officers of customs are hereby instructed to delay, until further orders, final liquidation of entries, made at the respective ports, of any merchandise arriving thereat after the first day of April, 1897. But liquidations may be tentatively made, and such liquidations shall not be closed and stamped, but shall be held open during the pendency of this order so as to be amended or corrected, if necessary.

These directions shall not be applied, however, to any entries made after April 1, 1897, of merchandise which was purchased and directed by the owner to be shipped for import into the United States by any person prior to April 1, 1897.

Hereafter all entries for consumption, except those specified in the preceding paragraph, shall be stamped in red ink by the clerks respectively passing the same under the direction of the collector, with the following words: Subject to change of rates if required by law.

Appointing officers will, whenever practicable, retain such samples of imported merchandise as may be necessary to determine any question hereafter arising relative to the proper identification and classification for duty of such merchandise.

Expelled From Cuba.

HAVANA, April 6.—Frank Lamont, the wounded Englishman who was imprisoned in the jail at Guantanamo, was recently liberated, has been expelled from Cuba. He was on the island that the Spanish authorities liberated him. He was placed in the custody of the British consul at Santiago de Cuba and has sailed from that port for Philadelphia by the steamer Earnwood.

UNION LABEL

THIS IS truly a great country. While

the Mississippi valley is drenched with

floods, the mountain sides of Pennsylvania

are on fire because of the drought.

THE ballot they used in Chicago

contained something over 700 names,

and the boys did very little re-

peating. They didn't have the time.

THE Dingley bill is a measure so filled

with protective features as to make it

eminently fitted to aid in the speedy re-

turn of prosperity. That is why Re-

publicans desire that it be enacted into

law at once.

THE Washington correspondents claim

that 35 senators are pledged to vote

against the arbitration treaty, and thus

does some of the very little good done

by the late president and his adminis-

tration go by the board.

ANOTHER campaign is almost at an

end in Cuba, and nothing more com-

mendable than failure can be added to

the record of General Weyler. His only

success, the death of Maceo and the

capture of Rivera, was gained through

murder and treachery.

THAT story of civilized men standing

idly by while Turks slaughtered scores

of Christians, will make interesting read-

ing for future generations, and serve as

anything but proof that civilization and

humanity meant the same thing during

the decline of the nineteenth century.

UNLESS he has so completely dropped

out of the world as to make himself

forget that he was ever interested in

affairs of state, we may soon expect to

see Professor Wilson pointing with

pride to the record of the custom houses

in March. He has seldom missed an

opportunity to make a mistake.

WITH the municipal elections out of

the way, the Democrats can set about

their plans for capturing the legislature.

Barrels may, and doubtless will, be

wide open for months to come, and the

best attainable materials may talk from

the stump until they are black in the face,

but the people will after all do the de-

ciding. The best laid plans have often

ere this failed of materialization.

NO JAIL.

It is a matter of deepest regret that

the people of Columbiana county did

not see their way clear to support the

proposition looking to the erection of a

jail. That institution is needed, and, in

spite of the declaration of yesterday, it

was never more needed than it is at

present. The miserable old structure on

the hill above the court house will con-

tinue to grow more miserable, and the

county will heap additional indignity

upon the unfortunates who chance to

find a place behind the bars. It is use-

less to investigate the causes which

brought about the result, but it is evi-

dent the vote would have been different

had the people realized that the jail

would have bestowed benefit upon

humanity in general, and upon Lisbon

only incidentally.

puties voted a credit of 275,000 francs

ses of the precautions taken against the

FELL THROUGH A TRESTLE.

An Engine and 13 Cars Wrecked—Two

Trammen Injured.

PITTSBURG, April 6.—Charles Hag-

gerty was killed and William E. Gra-

ham fatally injured in an exceptionally

disastrous wreck which occurred on the

Allegheny end of the Ohio connecting

railway, which crosses the river from

the Pittsburgh, Ft. Wayne and Chicago

railway to the Panhandle and Monon-

gahela divisions of the Pennsylvania

railroad lines. A Fort Wayne engine

and 13 cars were precipitated 50 feet

into McClure avenue by the giving

way of the approach to the bridge

proper. The engine and cars are almost

a total wreck, making the work of de-

struction complete.

Graham was the engineer. He was

thrown clear of the wreck and, beside

his other injuries, was frightfully

scalded from head to foot. He died a

short time later. Graham was a single

man, 40 years old, and lives at Beaver

Falls.

Haggerty, the dead fireman, was 30

years old and lived at Enoch. A wife

and family survive him.

The train was composed of 28 cars,

loaded with coal and iron. It left the

Panhandle tracks for the Ohio connect-

ing bridge, and, as it was ascending the

grade to the side of the hill, just west

of McClure avenue, Allegheny, the

wooden structure which spans McClure

avenue gave way and about 150 feet of

it was precipitated to the street below.

There was a frightful crash as the mon-

ster engine, which weighs 40 tons,

struck the earth. Of the 13 cars which

tell in a heap at the corner of McClure

avenue and Hanover street not one is

left fit for service. The rest of the cars

remained on the trestle. Two of them

stood straight up in the air. When the

wreck train endeavored to get them on

to the track they fell with a thunderous

crash, but no one was injured.

PENNSYLVANIA LEGISLATURE.

The Senate Does Some Fast Work and

Passes Many Bills.

HARRISBURG, April 6.—The senate

was in session about 45 minutes and it

went through business at a lightning

gait. In exactly 20 minutes the state-

men of the upper branch passed 16 bills

on second reading and 25 more on first

reading.

The resolution authorizing the attor-

ney general to investigate the claim of

the Cornplanter Indians to a portion of

Oil City came up. The house passed it

last week. The senate sent it to the ju-

diciary general committee.

Three important revenue bills have

been introduced in the house by Chair-

man Bolles of the ways and means com-

mittee. They were framed by Deputy

Attorney General Elkin and are in-

tended to be party measures. One tax-

ing direct inheritances is expected to

raise an annual revenue of \$500,000.

The bill exempts real estate and fixes

the rate of taxation on mixed and per-

sonal property at \$2 on every \$100 clear

value and at and after the same rate

for any less amount. All estates of

\$5,000 or less are exempted by the act.

Another bill was introduced by Mr.

Bolles taxing corporations claiming to

be insolvent, whose capital stock has no

value. The bill provides that for pur-

poses of taxation the value of the stock

shall not be less than that of the prop-

erty. This bill will yield \$500,000 a

year to the state. The third bill taxes

certain corporate loans.

Ready to Renew Diplomatic Relations.

LONDON, April 6.—Answering a ques-

tion in the house of commons Mr. Cur-

lations between Great Britain and Ven-

ezuela had not yet been renewed, but,

he added, her majesty's government

was ready to take into friendly con-

sideration any proposal from Venezuela

for a renewal of diplomatic relations.

Arrested For Embezzlement.

KANSAS CITY, April 6.—J. H. Ald-

rich, for several years cashier and pay-

master in this city of the Kansas City,

Fort Scott and Memphis railroad, was

arrested here charged with embezzling

\$27,000 of the company's money. He

quietly submitted to arrest, and says he

will plead guilty and throw himself on

the mercy of the court.

AN APPEAL FOR AID.

Letter Sent Out by the Relief Committee.

THE FLOOD VICTIMS IN DISTRESS.

Memphis Taking Care of Hundreds of Refugees and Every Steamer Adds to the List—Still Working on the Levees. Floods in the Northwest.

MEMPHIS, April 6.—The prediction made in these despatches Friday that great disaster to the Mississippi delta would follow the breaking of the levee at a point on the east side of the river north of Helena, Ark., has been terribly realized.

The break at Flower Lake has rapidly grown from a dozen feet in length to a thousand. Effort is being made to tie each end of the levee, but owing to the difficulty in getting material from the railroad five miles away the success of the effort is doubtful. This crevasse is at the head of the delta and will cause an overflow of the northern tier of counties in Mississippi with the exception of a part of Tunica.

The question that now confronts the planters is the duration of the flood. If the water is out of the delta by May 5 a crop of cotton may be grown, but cotton planted as late as May 10 has little chance of maturing before frost. There is still another danger. These crevasses must all be closed before the June rise or there will be a second overflow. The delta country produces annually no less than 500,000 bales of cotton.

Much suffering is reported from the overflowed regions. Relief steamers are making daily trips into Arkansas City and Mississippi, rescuing hundreds of people and bringing them to Memphis. The local relief committee is doing everything possible for the unfortunate refugees. At a meeting of the committee it was decided to ask other cities for help. The following appeal was issued:

"The city of Memphis has been providing for the distressed flood sufferers from the overflowed districts of Arkansas and Mississippi with some little outside assistance for several weeks. Few Tennesseans are in need, but the demands on Memphis for others are very great and are increasing every day. Indeed the demands on our people have grown to such proportions that we feel unable to meet them alone. Heretofore we have attempted to carry on this work without soliciting contributions from other cities, although many cities have generously given us voluntary aid. If the kind people of other towns and cities feel disposed to lend a helping hand in this matter all donations received by the relief committee will be highly appreciated and judiciously managed. Donations of meat, meal and money are preferable. The Memphis relief committee is well organized and can use money to the best advantage, as it is fully cognizant of the necessities of the situation. All remittances should be made to Ben F. Price, treasurer of the citizens relief committee, Memphis, Tenn.

VICKSBURG, Miss., April 6.—The break in Tunica county is considered by most persons here to be the climax of ruin to the delta. Not a county will escape severe loss. Messages from Sunflower river report a terrific rise there and three barges were sent there to bring out stock. Upper Sunflower has not been overflowed in 15 years. It is highly improved and besides many large plantations is full of small farms, occupied by a most thrifty class of white farmers. Many of these occupy low ground and will sustain great losses beyond question. The river is stationary here with 49.2 on the gauge. The city is rapidly filling up with negroes from the delta, fleeing from the flood, and every train adds to the number. Fifth Louisiana district is centralizing its efforts just now on the Bedford Biggs levee just below this city. Four hundred convicts have been brought there and the levee is to be raised for a distance of 2,500 feet, being weak along that stretch. Other Louisiana levees are reported in good condition.

Greenville has so far been able to care for the overflow sufferers. No outside aid has been asked or accepted. In Bolivar county, about Rosedale, there is some suffering and aid will be thankfully received. Governor McLaughlin's telegram to the levee board officials and leading citizens here was answered in substance as follows: "No government aid needed. If distress comes and we are unable to meet the demands upon us we will notify you promptly."

The completely inundated the following towns along the line of the Yazoo and Mississippi railroad: Clayton, Carnesville, Lulu and Coahoma.

NATCHEZ, Miss., April 6.—Large forces were put to work on the levees in this vicinity and nothing will be left undone to hold them. There was a fearful storm of wind and rain and hail here.

ST. PAUL, April 6.—The river at this point is 4 feet above the danger line and is still rising slowly. The flats on the west side are mostly submerged. The loss is chiefly to the poorer people, who are being cared for by the city.

Yankton, S. D., reports conditions in the Jim valley unchanged, the river remaining stationary. The railroad tracks continue to wash badly, but the bridges are still firm. It will be several weeks before the traffic is restored. The damage to crops will be heavy.

CROOKSTON, Minn., reports the Red river at a standstill. One hundred families have vacated houses on lowlying land in the city and moved to higher ground. All communication between Moorehead and Fargo is cut off.

Forestry Commission Given a Hearing.

WASHINGTON, April 6.—The government forestry commission has had a hearing before Secretary of the Interior Bliss, at which they went over the whole forestry question and explained their reasons for advocating all the reservations of timber land made by President Cleveland's proclamation last February.

CLEVELAND, April 6.—The demand of the building trades unions for the eight-hour working day was very generally granted by the contractors. Only six of the latter are reported to be holding out.

Jack Harris and George Simms were fishing today in Beaver creek.

Mr. Welch, of Seventh street, purchased a fast pacing horse yesterday.

The poultry association will hold their regular meeting next Monday evening.

The paved streets present a cleaner appearance today than they have for many months.

Local union, No. 4, held their regular meeting last evening, and transacted routine business.

A street fakir in the Diamond did a good business last evening until the rain chased him home.

The Active Athletic association, of East End, will give a social in Chambers' hall in the near future.

Percy Baxter has received an offer to play ball with the Sunbury, Pa., team, and will probably accept.

Efforts are being made to organize a century bicycle club. If successful a run will be taken every week.

Willis Babb has secured a position as jollyman at the Tiltonville pottery, and will leave the city in a few days.

W. M. Hill has returned from a week's sojourn at Echo Dell. He refuses to tell how many fish he caught.

Trades council will hold their regular meeting tomorrow evening. An address will be made by D. J. Smith on "Taxation."

The postoffice is being thoroughly renovated. The walls are being repapered, and a number of improvements will be made.

The jail is being cleaned. A new coat of whitewash is being placed on the walls and ceiling, and the cells are being repainted.

Councilmen Horwell and Kent last evening audited the books of the water department, and found them to be in first class condition.

Reverend O'Meara preached last evening in Fairview, W. Va. He will make a business trip to Pittsburg and Wheeling before returning home.

It is said the new pottery at East Palestine cannot turn out enough ware to fill the orders now on the books. The last kiln drawn was unusually good.

Miss Amanda Carpenter, of East Market street, who for some time has been afflicted with consumption, was taken to Wheeling yesterday afternoon.

The trustees of the Christian church postponed their meeting last night, and will convene this evening at the residence of O. C. Vodrey in Robinson street.

Officer Earle is becoming quite a marksman. Sunday he killed a dog that was raising a disturbance in Short alley, and in doing it took three shots from his gun.

A new oil well is being put down on the Kirk farm, near Ohioville. The farm was formerly the property of the McLaughlin heirs. Miller Bros. have charge of the work.

The eastern circuit of the light company was shut down for over an hour last night. A wire broke in the East End, and it caused a number of lamps in Liverpool to be dark.

Several months have elapsed since the East End robbery occurred, and not the shadow of a clue has been discovered. Mr. Chambers has given up all hope of ever hearing of his stolen goods.

Alex Money Penny is indignant because a local paper stated last night that he had been fighting with a boarder. He denies the charge, and claims there is nothing whatever in the story.

Alsius Swaney, the mail carrier, was so unfortunate as to injure his back while at work about his home in Fifth street, and John Sellers has temporarily taken his place on the postoffice force.

A letter from Youngstown states that James York, of this city, tried to enter the six-day bicycle race to be given there next week, but was barred on account of the race being limited to local talent.

James Johnson, the champion checker player of East Palestine, was in the city last evening, and devotees of the game held a small tournament. Johnson was in fine fettle, and won seven straight games.

The employees of Burford pottery have organized a ball team, and think they have the best pottery club in the city. They are willing to meet any and all comers, but prefer the Knowles or Goodwin teams.

Yesterday was another large day at the freight station. Fifty-eight loaded cars were received in the city. From the sheds there were shipped 13 cars and from the sidings 11, making a total of 24 cars handled for the day.

Three families left this city yesterday to take up their residence in other places. They are E. A. Rigby, to East Palestine; B. L. Miller and family, to Colliers, W. Va., and George P. Griffin, to Bridgeport.

HOXSIE'S CROUP CURE.

The great homeopathic remedy for the certain cure of Coughs, Croup, Whooping Cough and Bronchitis. It is the one and only preventative of Diphtheria and Pneumonia.

This wonderful remedy does not temporize with disease, but strikes at the Root and destroys every trace of it with a few doses. For children it is invaluable, as it is pleasant to take, does not contain opium in any form, and will not nauseate. Price 50 cents.

FIRE CHIEF'S REPORT

Shows the Excellence of the System.

THIRTY-NINE FIRES LAST YEAR

East End Company Extinguished One. The Damage Done Was Not Great—All the Apparatus In Good Order—Patrol Account Next Week.

Chief Morley, of the fire department, will present his annual report to the members of council at the next meeting. The number of fires was 39. The large hose was used at five fires. Sixteen were extinguished with the Babcocks. There were eight chimney fires, and the automatic sprinkler was the means of putting out the blaze at another. East End had one fire which was attended to by the East End company. During the season there was but one false alarm. At the other eight fires the services of the department were not required, other than to inspect the premises after the department had arrived. All the apparatus connected with the department is in excellent condition. The damage done by these fires is not considered extensive. The report reflects great credit on Chief Morley and his assistants. The report of the patrol service will be presented to council at the same time, but it will not be finished until next week.

ONLY A SON'S DUTY.

John and Thomas Pickal Think Their Brother Did No More.

LASBON, April 6.—[Special]—John and Thomas Pickal, executors of George Pickal, have answered in the action brought by George Pickal, Jr., to recover \$1,337 for caring for the deceased, claiming that this care and attention for which he seeks to recover was only such as would reasonably be expected from a son. It is also claimed that the plaintiff, with his family, lived with their father without rent and were well provided for.

The loss of a deed for lots in East Palestine was reported to court last evening in a suit filed by John Cummings against W. C. Chamberlain. Thirteen years ago the property was sold to John Book for \$20,000, and in 1893 the plaintiff bought it from Book for \$21,400. Last December it was discovered that the deed from Mrs. Chamberlain to Book had never been recorded, and it could not be found. Cummings has sold the property to Joseph Sailer, and to give a perfect title wants a re-execution of the deed made to him.

James Rauch, the Calcutta wife beater, was permitted to plead guilty to assault and battery. Judge Boone gave him \$20 and costs.

Josiah Rohrbach, administrator of J. Esterly, Columbiana, has filed a petition to sell eight tracts of land in and about Columbiana. They have been appraised at over \$10,000. The action was taken to pay debts of the estate which the petition says amount to \$87,000. Of the amount \$85,000 is due the Esterly & Co., bank. The order was issued.

A queen is only a woman after all, and every woman is a queen if she be a perfect woman. The crown of womanhood is motherhood. There is no higher thing than this. There is no better thing that any woman can do than to be a mother of bright and happy children. That is the best and highest thing that anybody can do in this world. It cannot be achieved by a woman who isn't healthy, who suffers from any of the weaknesses or disorders peculiar to her sex. A false idea of modesty which prevents the acquisition of knowledge, and the carelessness which prevents an application of knowledge are the most prolific causes of this kind of sickness. Thirty years ago, knowledge of the prevalence of such disorders induced Dr. R. V. Pierce, than as now, chief consulting physician of the Invalid's Hotel and Surgical Institute, at Buffalo, N. Y., to devote a great amount of time and study to the preparation of a remedy that would invigorate and strengthen the womanly organism—that would cure perfectly and positively all forms of female weakness—that would take the danger away from childbirth, and greatly lessen the pains of labor. This remedy is called Dr. Pierce's Favorite Prescription. That it accomplished the object for which it was intended is proven by its remarkable and continued success for 30 years. Women will gain much knowledge by reading Dr. Pierce's great thousand page "Common Sense Medical Adviser." A free copy will be sent on receipt of 21 one-cent stamps to cover cost of mailing only. Address, World's Dispensary Medical Association, Buffalo, N. Y.
